AutoCAD 2019 (Image: CC-BY-SA-3.0 by Tom Cunningham / Wikimedia Commons) What Is AutoCAD? AutoCAD is an AutoDesk software application that can be used for drafting and creating architectural and engineering drawings and technical schematics. AutoCAD can generate very professional architectural and engineering drawings and technical schematics. AutoCAD software can be used for more than just drafting and design; it can be used for accounting, architecture, architecture, engineering, and manufacturing, to name a few. AutoCAD is an excellent tool for designers, engineers, architects, landscape architects, and those working in the architectural, engineering, and construction industries. AutoCAD is great for architecture, engineering, landscape architecture, surveying, and construction. AutoCAD has powerful features that make it a favorite among professionals in the architecture and engineering fields. AutoCAD is used by more than 100,000 users every day. How Much Does AutoCAD Cost? AutoCAD is a commercial software application, which means that it costs money. AutoCAD 2018 costs $2,495.95 on the Autodesk website. AutoCAD 2019 costs $1,796.95. Markup Assist Use the new Markup Assist feature to import images from scanned objects or other CAD files into a drawing, edit them, then incorporate the changes back into the drawing. (video: 1:12 min.) Notes: AutoCAD LT 2020 is a full product release with all new features. You can download a free trial of AutoCAD LT 2020, available for Windows and Mac OS, starting today on www.autodesk.com. As a reminder, the AutoCAD LT 2020 release is available for existing customers of AutoCAD LT 2019, AutoCAD LT 2019 Extended, or previous LT versions. Once you install the upgrade, it will be automatically installed and you can install as many LT 20x as you like. For customers who purchased an LT license for AutoCAD LT 2019, AutoCAD LT 2019 Extended, or previous LT versions, your AutoCAD LT 2019 Extended, or previous LT license will expire on May 1, 2020. Your license will not be extended. Existing customers who did not purchase LT 2019, are not eligible for LT 2019 Extended. New features in AutoCAD LT 2020: Markup Assist Use the new Markup Assist feature to import images from scanned objects or other CAD files into a drawing, edit them, then incorporate the changes back into the drawing. Markup Assist Add images or text to your drawings using a web browser, then edit and create annotations for the image. Rapidly send and incorporate feedback into your designs. Import feedback from printed paper or PDFs and add changes to your drawings automatically, without additional drawing steps. Rapidly send and incorporate feedback into your designs. Import feedback from printed paper or PDFs and add changes to your drawings automatically, without additional drawing steps. Create your own custom messaging for AutoCAD that includes a user-specified message and a location to send it. Use multiple receivers and send messages to recipients on different networks at the same time. Send messages to Microsoft Office 365 mail accounts, Outlook Express mail accounts, and BlackBerry mail accounts. AutoCAD 2020 will let you send messages to as many as 250 recipients at once. Create and manage custom messages using the Messaging Center, and send messages from any drawing that supports annotations. Text on Paths Create paths from text-based annotations in a drawing.
