You are the owner of a computer and you are looking for some binary files. You often needand you want to make sure that you'll have them with you again, because you know that sometimes it happens. Thus, you are on the point of saying to yourself, "I'll hide those files somewhere". But then... where? A folder? An image? An audio file? How can you do that? Are you always near your computer to do it? It would be stupid if it were. So, you... ..are you on the point of saying to yourself, "I'll hide those files somewhere"? But then... where? A folder? An image? An audio file? How can you do that? Are you always near your computer to do it? It would be stupid if it were. So, you don't want to take your time to think about it. You just want to do it. Moreover, you know... ..are you on the point of saying to yourself, "I'll hide those files somewhere"? But then... where? A folder? An image? An audio file?
